

# Sustainable Living

## WORKSHOP SERIES

### The Three R's: Reduce, Reuse and Recycle

**Saturday, April 15 at 10 a.m.-noon**

Learn how to apply simple planet-saving actions to everyday life. We'll explain why the Pierce County curbside recycling program is set up the way it is, why we don't take all kinds of plastic, why caps and lids don't belong in the recycle bin and more. Bring in a reused item or a do-it-yourself project, and we'll share great ideas with the whole class.

### Food Waste Facts and Compost

**Saturday, April 22 at 10 a.m.-noon**

Learn how to properly pack your fridge and meal planning that can save money. Also, we'll do a quick overview on composting food scraps yourself. We'll plant something in class you can take home.

### Green Cleaning

**Saturday, April 29 at 10 a.m.-noon**

Learn how to get hazardous chemicals out of your home and business, as well as cleaning tips and recipes. Save money by making your own cleaners. We'll make a bottle of all-purpose cleaner you can take home.

### Home Air Quality and Energy Efficiency

**Saturday, May 6 at 10 a.m.-noon**

Learn about creating a healthy and efficient home. Understand your home as a system, how to reduce your energy costs, identify indoor air-quality risks and help the environment. We will also go over a few DIY tips.

Ages 14 and up. • Registration for entire series required at [piercecountywawashington.org/ecoclass](http://piercecountywawashington.org/ecoclass).

**All classes held at Orting Multi-Purpose Center  
(same building as Orting Library) • 360-893-2219**

**Orting Pierce County Library**  
202 Washington Ave. S. 98360 • 253-548-3312
