Re: Whitehawk Division 2

Dear Arnie:

On January 26, 1996, we performed a field survey to determine the finish floor elevations of two houses located at 412 and 414 Orting Circle of Whitehawk Division 2.

The benchmark used was BM 121-34 from the Pierce County Public Works bench book, elevation 186.676 (NGVD29).

Results of the field survey are as follows:

- 414 Orting Circle - Finish Floor = 180.56
- 412 Orting Circle - Finish Floor = 180.96

If you have any questions, please call me.

Sincerely,

PARAMETRIX, INC.

Thomas E. Battey, P.L.S.
