I think that we would be better served with more pickleball courts down past the current BMX pump track. I do not like the idea of reducing the farmer's market space.

#004

This plan has a nice mix of upholding the original character of the main park and trees with some nice additions to the north park. Pickleball fun! I do appreciate adding a restroom by the police station parking with an upgrade to the restrooms by the main park. Maintain some original character to town and add some fun.

Agree: 0, Disagree: 0

Love is but remove the formal event space and just have a open barn like space for markets. The spray/splash pad is a must. Love the idea of a small dog park next to basketball courts and pickle ball. No tennis necessarily

#002

Posted by Anonymous on 12/21/2022 at 5:13pm [Comment ID: 41] - Link

This road would need to become more visual for cars to see pedestrian and pedestrian to see cars.

#00

Posted by Anonymous on 12/21/2022 at 11:33am [Comment ID: 28] - Link

These sports courts are an amazing idea. I'd love to see them moved here to a bigger space with separate parking from the main city park, rather than at north park.

Posted by **Anonymous** on **12/21/2022** at **12:24pm** [Comment ID: 36] - Link

I like this location for courts as well as having four or more pickleball courts. Vacating Train I think is also a great idea. I am not in favor of relocating the parking to Van Scoyoc.

#005

Agree: 2, Disagree: 0

I love the water park idea! And the sidewalks. I think a full upgrade will bring more families to the park and strengthen the community.

#006

Posted by **Anonymous** on **01/15/2023** at **6:59pm** [Comment ID: 49] - Link

I like this plan the best. Except it still hasn't remedied the parking situation. There's not enough event parking, and not parking close enough to the skate park and all of the courts. I think it's awesome and ambitious just needs some more refinement.

#007

Posted by **Anonymous** on **12/21/2022** at **5:07pm** [Comment ID: 40] - Link

Keep the turning lane. More parallel parking on Washington Ave isn't needed, traffic plus parking would make this zone more complicated.

#008

Posted by **Anonymous** on **12/21/2022** at **11:35am** [Comment ID: 30] - Link

This needs to be a well lit crosswalk if installed. It poses a threat to pedestrians if it's not done properly and we do not need anymore pedestrians being hit by drivers.

#009

Posted by **Anonymous** on **12/21/2022** at **11:39am** [Comment ID: 32] - Link

I like this design because most of the families I talk to would love to have a spray park downtown HOWEVER, I am not a fan of getting rid of the cedar trees that provide shade and homes for the animals. That is my only concern is the shade and the animals.

Reply by **Anonymous** on **12/21/2022** at **2:32pm** [Comment ID: 38] - Link

Agree. I hope they don't remove too many. The shade in the summer allows us to go to the park even when it's 95 degrees out. It's the only Orting park with shade! Calistoga by the river and Whitehawk are both in direct sun, makes it impossible to visit them during peak summer heat

#010

Posted by **Anonymous** on **01/03/2023** at **4:53am** [Comment ID: 47] - Link Agree: 0, Disagree: 0

I dont know if moving the crosswalk closer to that big curve would be safe with out ALOT of lighting. People already have a hard time seeing pedestrians where it sits.

#011

Posted by **Anonymous** on **12/21/2022** at **11:26am** [Comment ID: 24] - Link

I like the idea of NOT adding sports courts to this area. Improving the area for more event space/farmer's market seems more beneficial.

#012

Posted by **Anonymous** on **01/17/2023** at **6:39pm** [Comment ID: 52] - Link Agree: 0, Disagree: 0

I would to see a more accessible playground for kids with wheelchairs and walkers.

#013

Moving the Foothills Trail here would need bright lights and lit up crosswalk lights on the ground. With it so close to the main signaled intersection, drivers may not be paying attention to the crosswalk as they look ahead to if the light is red/yellow/green.

	Alternative A	Alternative B	Alternative C	
General Description	Minimal changes to layout of existing park elements; improvements to existing facilities where they remain; addition of new facilities mostly in North Park and Charter Park; minimal changes to Train Street and Van Scoyoc Avenue. Moderate to significant changes throughout all parks, primarily maximize the addition of new facilities on existing facilities; recreation facilities distributed throughout parks; impacts along Van Scoyoc Avenue.		Moderate to significant changes throughout all parks including closure of Train Street to traffic to improvemed connectivity between parks; greater distinction/separation between event space and recreation space; impacts along Van Scoyoc Avenue.	
North Park Features	Sport courts; relocated basketball court; improved event space	Increased number of sport courts and improved event space	Formalize as very large event space with more open lawn	
Main Park Features	Maintain current program but upgrade all facilities; upgrade play area equipment and surfacing; remove basketball court; dedicate entire open space for tents and civic events	Upgrade all facilities; upgrade and expand play area equipment and surfacing to potential "destination" or "theme" play area; add splash pad; event tents limited to Train Street and Civic Green; Civic Gree expands to south (sunny) side of cedars	Upgrade and expand upon all facilities; expand all amenities south of cedars; update architectural style of restroom, old shelter, and new shelter; expand picnic and game area; both blocks include moderate expansion of park to south (sunny) side of cedars; connect and expand 2 halves of Main Park by closing Train Street	
Charter Park Features	Tennis courts; relocated and improved BMX track; restrooms	Realigned Foothills Trail to maximize size and flexibility of multi- purpose field; improved skate park and BMX track; restrooms; tennis courts; parking area	Expanded civic parking lot and new parking area; reconfiguration/ expansion of stormwater pond facility; improved skate park and BMX track; restrooms; basketball, pickleball, and tennis courts	
Foothills Trail in North Park	No change in alignment	No change in alignment	Alignment does not change with exception of shifting crossing of Calistoga Street	
Foothills Trail in Main Park	No change in alignment	Shift to norteside of park	Shift to south side of park	
Foothills Trail Crossing of SR-162	No change in crossing location	Shift crossing to mid-block location	Shift crossing to mid-block location	
Foothills Trail in Charter Park	No change in alignment	Shift to south side of property, eliminate encroachments	No change in alignment	
Train Street Improvements	Maintain periodic closures for special events and make minor surface treatment improvements (paint)	Convert to more formalized flexible street with range of paved surface treatment changes and removable bollards	Permanent closure and incorporate plaza surfacing and furniture, performance space and/or splash pad	
Van Scoyoc Avenue Changes	Mid-block crossings; street tree planting	Civic Green block converts to angled parking on park side; mid-block crossings and partial street tree planting	Entire park frontage converts to angled parking; Civic Green block converts to angled parking opposite park to increase count; midblock crossings and limited street tree planting	
Street Frontage throughout	All alternatives make changes to add mid-block	crossings of SR-162 and Van Scoyoc Avenue; add or expand sidewalk exte	ensions at corners to narrow pedestrian crossings	
Parking Lot	Pave and stripe lots as currently configured; provide stormwater treatment and detention (below grade)	Pave and stripe west lot as currently configured; eliminate east lot from park (adding angled parking in Van Scoyoc Avenue); provide stormwater treatment and detention (below grade)	Eliminate both east and west lots from park (adding angled parking in Van Scoyoc Avenue); provide stormwater treatment and detention (below grade)	
Parking Quantity (includes all of Van Scoyoc Avenue)*	No net loss as a result of increased efficiency in paving and striping the existing lot which offsets the loss of stalls by the addition of midblock crossings (approx 100 stalls)	Increase of approximately 20 stalls as a result of increased efficiency in paving and striping one existing lot and changing one side of Van Scoyoc from parallel to angled parking (approx 120 stalls)	Increase of approximately 20 stalls as a result of changing one or both sides of Van Scoyoc from parallel to angled parking (approx 120 stalls)	

^{*} existing count utilizes aerial photography to estimate parking in existing unpaved, un-striped parking lots

Alter	native A
001	I like alternative A.
002	I think that we would be better served with more pickleball courts down past the current BMX pump track. I do not like the idea of reducing the farmer's market space.
003	This area is used during farmers markets and would reduce vendor space
004	The area where the pickle ball courts are located serve as parking for farmers markets
005	I like this layout least of all. Would prefer the second and then third layout more, in that order.
006	This plan has a nice mix of upholding the original character of the main park and trees with some nice additions to the north park. Pickleball fun! I do appreciate adding a restroom by the police station parking with an upgrade to the restrooms by the main park. Maintain some original character to town and add some fun.

Alter	native B
001	What is this purple arrow?
002	Where would the farmers market be moved to?
003	I would love to see more court space in the upgraded park.
004	I would appreciate if there were more toddler play toys, my kids only so big
005	Remove parallel parking along Washington. The quick traffic flow and many large trucks blasting thru town on this road would make for accidents and traffic backups while people tried to parallel park around the trees. Leave parking along Washington as it is now. I like the remainder of this projected layout best and I'd like to see the town keep the bell tower as-is. Add brick/cobblestone around the Orting Station to give a tie-in and more cohesive look to the entire park. Improve pathways for those who use walkers, wheelchairs, strollers, etc. Add more seating throughout.
006	Wonderful addition to our community!
007	Love the idea of a splash pad addition!

Alter	native C
001	Love is but remove the formal event space and just have a open barn like space for markets. The spray/ splash pad is a must. Love the idea of a small dog park next to basketball courts and pickle ball. No tennis necessarily
002	This road would need to become more visual for cars to see pedestrian and pedestrian to see cars.
003	These sports courts are an amazing idea. I'd love to see them moved here to a bigger space with separate parking from the main city park, rather than at north park.

011	I like the idea of NOT adding sports courts to this area. Improving the area for more event space/farmer's market seems more beneficial.
012	I would to see a more accessible playground for kids with wheelchairs and walkers.
013	Angled parking would be great!
014	YES! We need a splash pad!

Online Plan Comments

Alternative C I like the idea of closing train street as it will provide safer passage for my young kids between the two 015 sides of the park. Agreed! This area should be closed off. Older kids like to visit the bell tower and then dart out across the street. It's a great space utilized for special events, would love to have access to it year round. Would love a picnic shelter near a splash pad! 016 017 I like the brick cobblestone in the center where the bell tower is---but what did you do with the bell tower?! I'd like to see brick cobblestone around the Orting station too---to tie into the whole brick cobblestone look, giving a more cohesive look to the whole park. I like the angled parking on Van Scoyoc Ave. but parallel parking between the trees on Washington is an insane idea, given the amount of fast traffic and very large trucks that blast through town on that road. Remove those trees and retain parking as-is right now. I like the big civic area that gives a nicer focus to City Hall. Please add barriers of some sort in front of City Hall to help prevent being plowed through like what happened earlier this month. Definitely need improved seating throughout the entire park, as well as flat 'paths' for those with walkers, wheelchairs, strollers, etc to move along with safety. Moving the Foothills Trail here would need bright lights and lit up crosswalk lights on the ground. With it 018 so close to the main signaled intersection, drivers may not be paying attention to the crosswalk as they look ahead to if the light is red/yellow/green.

Com	parison Matrix
001	В
002	I am in favor of Plan C. Upgrades to sports courts and installing pickleball courts is a great idea.
003	I see lots of people unloading bikes and going straight to the trail. Moving the trail makes this less practical.
004	Things to consider:
	There is value in driving by a park that has lots of life happening in it. It creates a community feel. Relocating many of the activities to Charter Park takes away from that. Charter park seems more "ticked away," which would pose a greater risk of vandalism to equipment.
	2. However, If moving activities to Charter Park, you could essential create a Recreation Park or Rec Center. I like the tennis courts and pickleball courts. Two basketball courts would be great as well. There could also be some potential future covered areas. In this state, having covered recreation is a big plus.
	3. It seems that something needs to be done to make the park with the Gazebo functional for something. If it is to be left with just a field, maybe add in some benches or activities. Is there really a great need to create a greater focus on the city building?

Concept Diagrams

001

I'm deeply concerned that I don't see where the basketball courts go. I'm not a big participant in the parks in town but I have noticed that the basketball court is the most popular utilized space in the entire park. That was the one spot during the pandemic that you could actually see smiles. Don't take that away please!

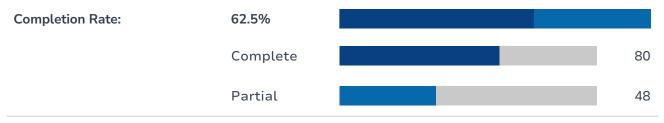

Illust	rations and Photos
001	Love the playground improvements and addition of a splash pad for the summer!
002	Yes please to all! This town loves to be outdoors. More options/ things to do would be amazing!

3. Are there any other problems the master plan should address?

ResponseID	Response
23	Wheel chair accessibility
24	the basketball court needs renovated and I would love to see a central area for music and other performances
25	Replacing benches and picnic tables in the main city park. They are peeling and give splinters. Some wood had been replaced but not repainted. Orting could really use some better quality benches that don't wear out so fast.
37	It's hard for the little kids to play on the equipment with the bigger kids. Wish there was another big toy for smaller toddler age kids.
41	A water pad would be so fub
46	Would like more trees!
57	Plumbed RESTROOMS at every park!
70	Get the bikers using the bike lane and not 162
71	We need a spray park!
77	Adding more seating and garden space
81	Cctv cameras. They don't have to be monitored. Hooked to a DVR so they can be accessed when necessary by LEO's. Would ha e gotten me out of trouble for a crime I didnt commit. Also would prove that the teenagers at the gazebo pulled a knife on me and was trying to provoke a fight.
94	More natural walking trails. Open a dog park.
95	I have lived in orting for 17 years and the city park bathroom has always been horribly kept, all the toilets, stalls, sinks, etc need to be updated and the whole thing probably needs some kind of health inspection
96	We need tennis courts and pickleball courts
103	Garbage everywhere and the port a potties need regular cleaning. The bathrooms at the park need updating. Also, the cabana has garbage, and kids who smoke pot while destroying whatever they can. And, the gravel parking needs regular maintenance. Another, note why does Bucky automotive repair park their vehicles in the parking for the park. Also, cyclist are very dangerous to walkers on the trail. Me and my sister walk daily on the river trail and almost get hit. We have been accosted by a few of them. They disregard speed and human life.
124	Install pickleball courts.

4. What do you value most about North Park?

ResponselD Response

responseib	TCSPONSE
23	Play ground
24	Orting Station structure is visually pleasing, the fountain is nice, but needs renovations.
25	Farmers market space
26	Availability for families to play and visit
28	The playground.
37	Love the look of it
40	Fountain, picnic tables
46	Family oriented, combination of shade and sun, grassy areas for picnics or kids to run
49	It's open space and it's ability to hold events there.
50	The wide playground and picnic tables
54	Farmers markets and events
55	I love the possibilities that orting station brings. Also having a large open flat grassy area means endless fun for festivals etc
57	room for events
60	Station building. Open. Nativity scene during Christmas. Ability to host vendors and car shows.
62	Orting station
63	No opinion
69	Farmers market area
70	Love the translation building. I would like to see the option of renting these with the availability to buy a liquor license for events.
71	The space for the farmers market

ResponseID	Response
79	I don't use North Park at all
80	The trees and nice trail through town
91	The station is there and can be rented out. Nice area for the Farmers Market.
95	It is usually a nice spot and is great for events
96	Location
99	It's always clean and family friendly.
103	I don't know where it is
105	Farmers market
108	Orting station
111	Location
114	Love the farmers market
115	The amount of open field there is to utilize. I also love the trees along the walking path.
121	The station
124	Activities held there.
127	NA
128	The play set, my kids and I love it. Also I can tell the kids in the community love it too. It would be nice to have another one installed since this one gets so busy!

5. What do you value most about Main Park?

ResponseID	Response
23	Basketball
24	Nice play structures and open grass areas, adequate parking (except on event days)

ResponseID	Response
25	Shade at the playground is great for sunny days
26	Availability for families to play and visit
28	Orting station.
33	Shade and benches for parents
34	The shade and playground.
37	The big old growth trees
40	Playground, grassy areas, picnic tables
46	Beauty and same as above
49	The playground and access to the trails from the parking
50	The wide open area
52	Amount of trees
53	The ability to have that small town feel, looking at old pictures of the park, the new one is much better.
54	The park and the shade
55	I love how shady the park is. The homey feel of horseshoes and the picnic areas are fun in spring and summer
57	Accessibility
60	Playground. Sense of community. Picnic shelter, Veterans memorial, horseshoe pits.
62	Playground
63	Playground, safety, shade.
69	Playground
70	There are ways people in them
71	I love how big the park is
79	The trees. Its great on a hot day

ResponseID	Response
80	The trees and nice trail through town
91	Grass area for concerts and the children's play structure.
93	Play set, picnic tables, horseshoe pits
95	The accessibility
96	Location
101	Playground
103	I'm assuming the main park is across from Scoop it is. I love that park. I take my grandkids there
105	Shaded kids play area and that there is a wall to keep them out of traffic.
108	Play structure with natural shade
111	Location and activity options
114	It's great for kids
115	The playground for my son
118	Playground and shade in hot summer!
121	The gazebo and covered area
124	Activities held there.
127	Location
128	The openess of it, my kids love to run and roll around in there. It's also nice when we have vendor events to have that space open

6. What do you value most about Charter Park?

ResponselD Response

23	Not familiar
24	I like that we have a skate park available to Orting Youth. I like the paved parking lot. I typically park here when I run on the trail.

ResponseID	Response
26	Nothing
37	Nothing at all.
40	Skatepark
46	No opinion
49	Skate park and BMX park and it's open space to bike
50	The wide open grassy area
54	The skate park for little kids to ride their bike in
55	My kids have so much fun on the dirt area for bikes. When we moved here we were surprised such a thing existed. We really hope improvements can be made so it can remain in use
60	Did not know it existed!
62	The dog poop bag dispenser. Which has been empty lately.
63	No opinion
70	Skatepark needs improvement
71	It's a great place for the older kids to congregate and not have to be in the same space as the littles.
79	the bike track and the open grass
80	The trees and nice trail through town
91	That it has room for several pickleball courts and is located right of the trail in town.
101	Location and space
105	The bike track, we all love it!
108	Open space!
111	Location
114	The skate park is nice. Could use upgrades. Kids make a huge mess and are disrespectful

ResponseID Response 115 I've never been there 121 The memories lol 127 NA

7. Rank the following existing features in order of most to least important:

ltem	Overall Rank	Rank Distribution	Score	No. of Rankings
Playground	1		942	65
Foothills Trail	2		918	64
Restrooms	3		853	64

Historic/interpretive features or information	11		340	60
Small soccer fields	12		324	57
More ways to access the parks from the surrounding streets	13		287	55
		Lowest Highes Rank t Rank		

9. What other improvements should the Main Parks Master Plan consider?

ResponseID	Response
23	Wheelchair accessible
25	New/more benches around the playground, new picnic tables
32	Splash pad is top choice for addition to the parks. Can't move anything over to the right side
41	Splash pad would be a great addition
55	Improvements are great and often needed but I hope we don't lose the small town feel. Things that are old, but in good condition are in my opinion better than what's new and trendy.
60	Wall for wall ball/hand ball/etc. Frisbee golf. Exercise stations along trail or throughout each park: pull ups, incline push-ups, elevated balance beams, ropes, tires, rings, etc.
68	Upkeep, trash pickup, security
94	Dog park
95	More disability friendly playground equipment
105	Pave the gravel parking lot. It gets really dusty.
108	Community center
115	The teens in town have ruined the picnic tables by writing/drawing on them. It's such a shame because I would love to go and utilize them more but unfortunately it's not family friendly and I don't want my children seeing that
117	Things for teens to do.
118	Bathrooms are in serious need of renovations - add more please.
125	Tennis courts would be awesome! The whole family can be involved!

10. Please provide any additional feedback you have.

ResponselD Response

28

You're doing an excellent job. Keep up the good work.

ResponseID	Response
36	It would be amazing to have an updated playground, separate toddler playground in the same park and a splash pad close by also.
37	With all the kids we have in town , I think a splash pad would be such a cool idea .
53	I think the parks are great, we just need greater police presence when the high school and middle school kids hang out at main park and the skate park. They create an atmosphere that is not conducive for families to be around.
60	Na
62	Love the parks. My dog and I walk in them everyday.
64	It would be great if there could be some dog park areas Incorporated. We only have the one and it's a massive space with no separation for dogs of different sizes.
91	Please install pickleball courts.
101	Dog park could be a best addition near charter park as well
103	The parking lot needs serious redo. Pot holes and garbage everywhere. The port a potties are not well maintained or the regular bathrooms. What about the safety of walkers? Cyclist speed by us and are very rude
105	Our family loves downtown Orting and it's parks! It's a beautiful setting! I don't mind the crosswalks, I think it keeps people kind and aware. More restrooms, closer to the basketball courts would be helpful.
111	More security to prevent teenage vandalism and keep our youth safe
115	More things for younger kids to do! Currently it's just the toddler swing and he does try to play on the playground but there are usually so many older kids that he gets ran over
117	Orting has come a long way. Would really like to see more activities for kiddos 10 and up. So I like the idea of pickle ball, tennis, open gym hours, a swimming pool, etc. There are many opportunities for kids 10 and under as well as older kiddos. Maybe a community center with WiFi, with homework helpetc. I know there is a place in town, but not all kids are welcome there :(. Justy two cents.
118	Please consider keeping some grassy areas in Main park. Little toddlers love to run and explore the nature. Also, consider fencing around playground area like park in South Prairie. Parents worry so much since this park borders HWY 162.

ResponseID	Response
121	Maybe a public pool or more disabled accessible covered picnic tables
125	Rooting for tennis courts!
127	Splash pad please
