

**Public Safety Committee Agenda
City Hall Council Chambers
104 Bridge Street South**

November 2, 2023 8:15 AM

Tod Gunther, Co-Chair/Councilmember
Don Tracy, Co-Chair/Councilmember
Scott Larson, City Administrator
Devon Gabreluk, Police Chief
Kristin Wetzel, Orting Police

Call to Order

- Approval of October 2023 Minutes

Agenda

- Hiring Update
- Monthly Crime Statistics
- Nuisance Code Updates (ongoing)

Additional Comments/Good of the Order

Action Items

Adjournment

Next Meeting: *December 7, 2023 – 08:15 am*

**Orting Public Safety Committee Meeting
City Hall Council Chambers
October 5, 2023**

ATTENDANCE Tod Gunther, Chair/Councilmember
 Don Tracy, Chair/Councilmember
 Scott Larson, City Administrator
 Chief Devon Gabreluk, Orting Police Dept.
 Kristin Wetzel, Orting Police Dept.

Call to Order at 8:23 AM

AGENDA ITEMS

Approval of October 2023 Minutes

South Sound 911 Law Enforcement Communications Agreement

- The committee reviewed the South Sound 911 Law Enforcement Support Services Agreement with Orting. The agreement needs to be signed and sent back to South Sound 911. The committee recommended this item be moved to the next study session

Pierce County Radio Access Agreement

- Since 2015, Pierce County has been requesting the City agree to pay an annual fee for police department radio access to the County-Wide Radio Network. To date, the City has decided not to pay these fees as it believes the Proposition No. 1 sales and tax covers the cost. The committee requested this be forwarded to the next study session for further review.

Nuisance Ordinance

- The City nuisance ordinance was reviewed and discussed. The committee feels that some of the ordinance language is ambiguous regarding blackberry vines. Councilmember Tracy requested this be moved to the next study session for further discussion.

Lateral Officer Incentives

- Chief Gabreluk reported that Mayor Penner would like police command staff to do further research regarding potential incentives to generate lateral police candidates.

Monthly Statistics

- The committee reviewed all of the 385 police calls to service during the month of September.

Meeting Adjourned at 8:50 AM

This message came from outside your organization.

Councilmember Tracey:

Per our discussion, attached and summarized below are suggested alternatives for regulating blackberry vines with a heightened level of specificity as to the conditions that create a nuisance:

Various cities and counties identify blackberries as a nuisance due to their non-native and invasive status, which has the potential to ecologically harm the surrounding area or otherwise block waterflow. Some examples, included in the Word doc I attached with this email, are Camas, WA and Clark County, WA. The codes for both of these jurisdictions point to the issues that blackberry plants can cause if they are overgrown or allowed to expand into surrounding areas, since they can be ecologically problematic. Clark County uses a standard of 12-inches high for their violation, and while this isn't ubiquitous across what I saw, I think it is generally a good standard among cities looking at this kind of thing.

More relevant to city beautification and safety are codes like those in Sumner and Tenino, WA. These codes frame blackberries as nuisances because they have the potential to impact city infrastructure (blocking city lights, sidewalks, fire hydrants, streets, etc.) and can create unsafe conditions for residents. Furthermore, they both identify fire hazards and fire safety as a potential issue. The dry shrubbery that a blackberry vine can create is susceptible to fire and can cause unsafe situations. Tenino also notes that "any noxious or toxic weed or uncultivated plant" may provide a home for rodent infestations, which is squarely within their nuisance section. Just a section below, they name blackberry shrubs outright as a potential violation for code maintenance.

Here is a brief summary of what I believe could be added to the Orting code to further clarify WHY or WHEN blackberries are a nuisance:

- Overgrown to 12-inches in height
- Blocking vital city infrastructure
- Dry shrubs leading to fire hazards
- Home for rodents or other dangerous animals
- Ecologically devastating on the surrounding area

I included the actual codes I found, as well as links to the sites where I found them, with the Word doc attached. I limited this to an hour but let me know if I can find more.

Please let me know if you have any questions or if you'd like us to put together an ordinance incorporating any of these requirements into the OMC.

Thanks!
Charlotte

Subject: Time for a small project?

Hi Robbie – Do you have time today for a quick project? I’m looking for other counties or cities (in Washington) that have municipal code provisions on blackberries as a public nuisance – I need robust provisions that provide detail about when a blackberry is a nuisance. Orting’s code simply says “overgrown blackberries” but those terms are undefined, so we’re hoping to find something with a lot more detail. I need a few examples.

This is for 366566-0001, and please try to keep it under an hour.

Thanks!
Charli

City Codes Referencing Blackberries

Sumner, WA

- Sumner: [Chapter 8.16](#)
 - 8.16.030 Public nuisances declared.
 - Each of the following conditions, unless otherwise permitted by law, is declared to constitute a public nuisance, and **whenever the enforcement officer determines that any of these conditions exist upon any premises**, the officer may require or provide for the abatement thereof pursuant to this chapter: the erecting, maintaining, using, placing, depositing, causing, allowing, leaving or permitting to be or remain in or upon any private lot, building, structure or premises, or in or upon any street, avenue, alley, park, parkway or other public or private place in the city, of any one or more of the following places, conditions, things or acts to the prejudice, danger or annoyance of others:
 - 7. The existence of any vines or climbing plants growing into or over any street, public hydrant, pole or electrolier, or the existence of any shrub, vine or plant growing on, around or in front of any hydrant, standpipe, sprinkler system connection or any other appliance or facility provided for fire protection purposes in such a way as to obscure the view thereof or impair the access thereto; or obstruct or interfere with the proper diffusion of the light from any street lamp;
 - 13. The existence of any dead, diseased, infested or dying tree that may constitute a danger to property or persons;
 - 14. All shrubs, bushes, trees or vegetation which has grown and died and **which is a fire hazard**;
 - 17. Premises overgrown with blackberry vines;

Clark County, WA

[“Neighborhood Guide”](#)

- Tall grass/weeds – In the urban areas, it is a violation to have tall grass, weeds, or blackberry bushes **over 12 inches high** in the front, back, or side yards. For complaints, contact Code Enforcement at 564.397.2408. If you have a problem with noxious weeds, contact Vegetation Management at 564.397.6140.
- [Public Works Page on Non-Native Blackberries](#)
 - Blackberry forms impenetrable thickets that block access to waterways. The plant lacks the deep bank-stabilizing roots of native wetland shrubs and trees.

Camas, WA, [Chapter 16.59](#)

- Seems to imply that blackberries are a nuisance because of their status as non-native plants in Washington which can cause geological and vegetation issues

- 5. Selective Vegetation Removal Activities. The following vegetation removal activities are allowed without a permit:
 - The removal of **invasive plant species** including Himalayan blackberry (*Rubus discolor*, *R. procerus*), Evergreen blackberry (*Rubus laciniatus*), English Ivy **as well as any other noxious weed or invasive plant species acknowledged by the city;**

Tenino, WA

- Does not specifically call out blackberries as a nuisance within the same section, but defines a nuisance, in part, as:
- 8.08.020

J: Any noxious or toxic weed or uncultivated plant, weeds or tall grass which **may be a fire hazard or provides rodent harborage**, or any tree that poses a potential hazard;

- **8.08.030. - Yard maintenance.**

[SHARE LINK TO SECTIONPRINT SECTIONDOWNLOAD \(DOCX\) OF SECTIONEMAIL SECTIONCOMPARE VERSIONS](#)

Every occupant of a dwelling unit located in close proximity to another occupied dwelling unit shall keep the yard space thereof reasonably neat and clean and free of uncut grass, blackberry vines, bushes and debris if a rodent infestation exists.

(Code 1988, § 8.08.030; Ord. No. 722, § 2, 2006)

- **8.08.040. - Vacant lot or building.**

[SHARE LINK TO SECTIONPRINT SECTIONDOWNLOAD \(DOCX\) OF SECTIONEMAIL SECTIONCOMPARE VERSIONS](#)

Every owner of a vacant lot or building located in close proximity to another occupied dwelling unit shall keep the premises reasonably neat and clean and free of uncut grass, blackberry vines, bushes and debris.

(Code 1988, § 8.08.040; Ord. No. 722, § 2, 2006)
